ICPP, the *International Conference on Parallel Processing*, provides a forum for engineers and scientists in academia, industry and government to present their latest research findings in all aspects of parallel and distributed computing. It is one of the oldest computer science conferences and 2021 will be the 50th year of ICPP. ICPP2021 will be held at the Argonne National Laboratory in Chicago, IL, USA and special events will be held to celebrate the 50th anniversary at the conference.

**ORGANIZING COMMITTEE**

**General Co-Chairs**
Xian-He Sun, Illinois Institute of Technology, USA
Sameer Shende, University of Oregon, USA

**Program Co-Chairs**
Laxmikant (Sanjay) Kale, University of Illinois, USA
Yong Chen, Texas Tech University, USA

**Algorithms Track Co-Chairs**
Guillaume Pallez, INRIA, France
Matthew Knepley, University at Buffalo, The State University of New York, USA

**Applications Track Co-Chairs**
Valerie E. Taylor, Argonne National Laboratory, USA
Wei Xue, Tsinghua University, China

**Architecture Track Co-Chairs**
Andrew Chien, University of Chicago, USA
Torsten Hoefler, ETH Zurich, Switzerland

**Performance Track Co-Chairs**
Abhinav Batelete, University of Maryland, USA
Felix Wolf, TU Darmstadt, Germany

**Software Track Co-Chairs**
Barbara Chapman, Stony Brook University, USA
Mitsuhisa Sato, RIKEN CCS and University of Tsukuba, Japan

**Steering Committee**
Wu Feng, Virginia Tech, USA (Chair)
J. Nelson Amaral, University of Alberta, Canada
Pavan Balaji, Argonne National Laboratory, USA
Taisuke Boku, University of Tsukuba, Japan
Rudi Eigenmann, University of Delaware, USA
Allen Malony, University of Oregon, USA

**Web Chair**
Wyatt Spear, University of Oregon

**Finance Co-Chairs**
Kengo Nakajima, R-CCS, Japan
Simon Hammond, Sandia National Laboratories, USA

**Publicity Co-Chairs**
Shadi Ibrahim, INRIA, France
Xu Liu, NCST, USA
Guangzhong Sun, USTC, China
Hongzi Zhu, Shanghai JiaoTong University, China

**50th Anniversary Committee**
Rudi Eigenmann, University of Delaware, USA (Chair)

**Workshop Co-Chairs**
Federico Silla, Universitat Politècnica de València, Spain
Osni Marques, Lawrence Berkeley National Laboratory, USA

**Poster Co-Chairs**
Anne Benoit, ENS Lyon, France
Anthony Kougkas, Illinois Institute of Technology, USA

**Algorithms**
Parallel and Distributed Algorithms, Parallel and Distributed Combinatorial & Numerical Methods, Scheduling Algorithms for Parallel and Distributed Applications and Platforms, Algorithmic Innovations for Parallel and Distributed Machine Learning

**Applications**
Parallel and Distributed Applications, Scalable Data Analytics & Applied Machine Learning, Computational and Data-driven Science & Engineering (e.g., astrophysics, computational chemistry, bioinformatics, climate science, finance, geology)

**Architecture**

**Performance**
Performance Modeling of Parallel or Distributed Computing, Performance Evaluation of Parallel or Distributed Systems; Scalability; Simulation Models; Analytical Models; Measurement-based Evaluation

**Software**

**CALL FOR CONTRIBUTIONS**
ICPP provides a forum for engineers and scientists in academia, industry and government to present their latest research findings in all aspects of parallel and distributed computing. It is one of the oldest computer science conferences and 2021 will be the 50th year of ICPP. ICPP2021 will be held at the Argonne National Laboratory in Chicago, IL, USA and special events will be held to celebrate the 50th anniversary at the conference.

**TRACKS**

**Algorithms:** Parallel and Distributed Algorithms, Parallel and Distributed Combinatorial & Numerical Methods, Scheduling Algorithms for Parallel and Distributed Applications and Platforms, Algorithmic Innovations for Parallel and Distributed Machine Learning

**Applications:** Parallel and Distributed Applications, Scalable Data Analytics & Applied Machine Learning, Computational and Data-driven Science & Engineering (e.g., astrophysics, computational chemistry, bioinformatics, climate science, finance, geology)

**Performance:** Performance Modeling of Parallel or Distributed Computing, Performance Evaluation of Parallel or Distributed Systems; Scalability; Simulation Models; Analytical Models; Measurement-based Evaluation

**Software:** Systems Software, Middleware, Runtime Systems, Parallel and Distributed Programming Languages & Models, Programming Systems, Compilers, Libraries, Programming Infrastructures and Tools, Operating and Real-Time Systems

**IMPORTANT DATES**

<table>
<thead>
<tr>
<th>Date</th>
<th>Event</th>

</table>

**SUBMISSION GUIDELINES**

Paper submissions should not exceed 10 pages (including references) in the ACM format located at: [https://www.acm.org/publications/proceedings-template](https://www.acm.org/publications/proceedings-template). The review process is double-blind, and submissions should not reveal the identity of the authors. ICPP2021 is held in cooperation with ACM under ACM SIGHPC.
