Memorandum of Understanding
Teacher-Preparation Program

Parties. Texas Tech University (TTU), through its College of Education at Texas Tech University (TTUCOE) and its Information Technology Division (TTUITD) are collaborating with Lubbock - Cooper Independent School District (Lubbock - Cooper ISD) to improve educator preparation, with an end goal of improving Lubbock - Cooper ISD student achievement.

Purpose. The purpose of this Memorandum of Understanding (MOU) is to articulate the goals and responsibilities for reform, and to specify each party's responsibilities associated with implementing the TechTeach Teacher preparation Program (the "Program").

A. COLLABORATIVE GOALS:

Goal 1
Design and implement within Lubbock - Cooper ISD, a district-based, clinically intensive teacher education program with the aim of mentoring TTUCOE students who are undergraduate students preparing to be teachers ("Teacher Candidates") to become rated as highly competent in their subject-area, pedagogy and by the second year of teaching, to produce student achievement gain scores greater than the district average; and

Goal 2
Establish a framework for transferring de-identified Lubbock - Cooper ISD student data between the Lubbock - Cooper ISD and TTUITD for the purposes of monitoring and evaluating the preparation and effectiveness of Teacher Candidates who are working in Lubbock - Cooper ISD.

B. TTUCOE RESPONSIBILITIES
Related to Goal 1:

1) Screen and recruit talented and committed Teacher Candidates into competency-based teacher education programs.
2) Offer district immersion-style, competency-based teacher education programs in certification areas of expressed Lubbock - Cooper ISD need (e.g., Elementary Bilingual, ESL and Special Education)
3) Use Teacher Candidate clinical competency data (i.e. information about subject-area, pedagogy, impact on formative and summative student achievement) to modify and adjust teacher education programs to better foster graduates' mastery of competencies. Clinical competency data will include the regular and frequent use of video-capture as one mechanism by which improvement of Teacher Candidates' instructional practices is achieved. In recognition of the sensitivity of this practice, video of candidates' instruction will be captured under the district media permission (see C.4. below) in the following manner:
   a. Capture of video. TTUCOE will:
      i. Center the Teacher Candidate as the focal point of the video; and
      ii. Unless otherwise required, the camera will be positioned in the classroom in such a manner so as to minimize capture of Lubbock - Cooper ISD students' faces, though some exposure is likely.
      iii. Direct its Teacher Candidates to verify with Mentor Teachers (Lubbock - Cooper ISD teachers under whom TTUCOE Teacher Candidate work) whether any students have circumstances forbidding recording – and in such cases, the student or the camera will be positioned in such a way so as to not capture this student in the recording.
   b. Handling and storage of video capture. TTUCOE will:
      i. Permit authorized individuals to use their TTU eRaider credentials to access videos (access authorization will be established by the TTUCOE program director with concurrence from the dean);
      ii. Prepare all Teacher Candidates to utilize the Teachscape application, a video capture software solution, for any recording associated with TTUCOE course assignments or performance assessments;

iii. Train Teacher Candidates to upload to the secure Teachscape site all video associated with course assignments or performance assessments within 24 hours of capture;

iv. Ensure the use of the app provides the security assurances necessary for recording in classrooms such that video captured with the Teachscape app is automatically erased from the device once uploaded to the secure website;

v. Coordinate maintenance of video on the secure Teachscape website for a period not to exceed 10 years from time of capture; and

vi. In the event of contract termination with Teachscape, TTU will retain all video content, and will store the content on a TTUCOE server at the TTU University Data Center. Note that if another vendor is engaged, every effort will be made to ensure that vendor complies with the terms of this MOU.

c. Use of video for instructional purposes. TTUCOE will upload video to the secure Teachscape site:

i. For purpose of self-observation and self-evaluation of instructional practices;

ii. To be used by TTU faculty members for purposes of observation and evaluation of the teacher candidates’ instructional skill;

iii. To be used for purposes of program evaluation;

iv. To possibly be used by TTU researchers to extract data relevant to instructional competencies of teacher candidates, contingent on TTU Institutional Research Board Human Subjects Committee review and approval; and

v. In no case will images of students appear in a public forum for purposes of self, candidate, or program evaluation, or for purposes of research presentation unless the identity of students is completely masked (e.g., blurring of facial or other identifying features).

4) Provide for Lubbock - Cooper ISD a full-time person to serve as the teacher education program coordinator and district-program liaison (“TTU Program Coordinator”).

5) Work with Lubbock - Cooper ISD personnel to collaboratively select, train, support, and evaluate Lubbock - Cooper ISD teachers serving as Mentor Teachers to Teacher Candidates.

6) Require its Teacher Candidates to abide by the rules of conduct contained within the TTUCOE Student Handbook and the Lubbock - Cooper ISD Policies and Procedures. In the event of non-academic student misconduct that violates criminal law or requires disciplinary action, all applicable Lubbock - Cooper ISD and TTUCOE policies will be followed.

7) Prior to working with Lubbock - Cooper ISD students in classrooms, TTUCOE will inform its Teacher Candidates of any requirements to submit to any security screens imposed by Lubbock - Cooper ISD, including a fingerprint background check.

8) Provide a TTUCOE liaison to work with Lubbock - Cooper ISD technology operations.

C. LUBBOCK - COOPER ISD RESPONSIBILITIES

Related to Goal 1: Lubbock - Cooper ISD will inform parents of the teacher assessment activity, and explain the measures taken to specifically avoid video capturing their students. Lubbock - Cooper ISD will:

1) Collaborate with TTUCOE to identify schools, principals and up to 100 Mentor Teachers to participate in the Program’s initial teacher preparation initiative, and support fidelity of implementation;

2) If space is available, provide a school-based classroom to be used for TTU Teacher Candidate coursework that is sufficient in size to hold up to 30 Teacher Candidates and equipped with all the technologies commonly available in most classrooms within designated school building;

3) Provide office space for the TTU Program Coordinator on, at least, one campus where TTU Teacher Candidates are placed. The space should be secure, and adequate for administrative duties and conferences with individual Teacher Candidates. If no space can be provided at a campus, then a similar space can be utilized at a Lubbock - Cooper ISD administrative office location;

4) Incorporate on its parent-permission form that media coverage includes the use of video-capture technology in classrooms for purposes of evaluating and improving the instructional practice of TTUCOE Teacher Candidates; and

Teacher-Preparation Program

5) Permit a twice-yearly administration of K-12 student feedback about Teacher Candidates utilizing The Classroom Engagement Inventory (CEI) (Wang, Bergin, & Bergin, 2014) or a similar survey, in a manner that permits linkage of student responses, student demographic information and student achievement results to individual Teacher Candidates. TTUCOE and Lubbock - Cooper ISD will repeat the following steps twice yearly (pretest and posttest) for each Mentor Teacher / Teacher Candidate pair, that will help Lubbock - Cooper ISD de-identify information about Lubbock - Cooper ISD students:

a. TTUCOE will identify classrooms where Teacher Candidates are placed, and where the CEI is to be administered. A spreadsheet containing matched pairs of Teacher Candidates and Mentor Teachers will be sent to the district data contact in advance of administration of the inventory to allow for more time to pull records and create the match between Lubbock - Cooper ISD students and Mentor Teachers.

b. Scantron forms will be printed with forms numbered 1-25 for students (i.e., the “Scantron number”) and a six-digit number for the Teacher Candidate (i.e., 000001).

c. TTUCOE will assign a TC number to specific pairs of Teacher Candidates and Mentor Teachers, and distribute the forms to the Teacher Candidates. The same number will be used for pre and post-test.

d. The Mentor Teacher will record students’ names next to the Scantron number on a roster provided, administer the questionnaire, collect, and return questionnaires to the Program Coordinator, who then returns the form to TTUCOE.

e. The Mentor Teacher sends a copy of the roster (i.e., containing Scantron number and student name) to the district data contact specified at the end of this agreement, and maintains a copy for historical record. The Mentor Teacher uses this list to distribute the questionnaire at post-test.

f. The Lubbock - Cooper ISD data contact matches student name to district number, creates a “masked” number for each record, and then sends

   i. A table showing the Scantron number and the masked number ONLY;
   ii. Background data requested (C.6. below)

g. TTUCOE will produce a Teacher Candidate-level report showing class averages on each variable disaggregated by gender and race/ethnicity enabling the Teacher Candidate to focus improvement efforts on specific groups of Lubbock - Cooper ISD students. Should any identifiable data be inadvertently provided, TTU will destroy immediately.

Related to Goal 2:
Using the list provided by TTUITD (0.1., below), provide a data table containing the following information about Lubbock - Cooper ISD students taught by Mentor Teachers working with Program Candidates.

6) For each student in the list, Lubbock – Cooper ISD will provide to TTUITD (if available) twice yearly (January and June) the following data fields associated with K-12 students assigned to the identified Mentor Teachers:

   a. Ethnic code
   b. Gender
   c. Economic disadvantage code (free and reduced lunch)
   d. Special education status
   e. Cumulative grade point average
   f. Student gain/growth score for previous two years (if available)
   g. District Assessment Test scores by subject
   h. District Assessment Test scores by standard (criteria)
   i. State Assessment Test scores by subject
   j. State Assessment Test scores by standard (criteria)
   k. Limited English status
   l. G&T status
   m. At-risk indicator

q. Tardy counts
r. Campus code

7) This list will be created in the following manner so that student demographic and performance data will be de-identified.
   a. Lubbock - Cooper ISD will take two steps in de-identifying the data to be transferred to TTUITD:
      i. Requested data will be consolidated into a single table, identifying students by their
         Lubbock - Cooper ISD student ID; and
      ii. Lubbock - Cooper ISD will generate a unique, random number to be used only to identify
          students in data exchanges with TTUITD.
   b. Lubbock - Cooper ISD will transfer the de-identified data to TTUITD, that will then provide the
      data to TTUCOE.
   c. Lubbock - Cooper ISD, as the custodian of the confidential student data, will maintain the
      translation tables and at no time will share the conversion tables with anyone at TTU. Only
      Lubbock - Cooper ISD will have the ability to match individual student identity with the data
      being transferred.

8) Provide to TTUITD all the data fields itemized in C.6. for the Lubbock - Cooper ISD students of TTU
   Teacher Candidates if they are hired by Lubbock - Cooper ISD, beginning for the school year 2014-2015
   and extending to the termination date of this MOU. Additional provisions:
   a. If available, Lubbock - Cooper ISD will also provide value-added scores for this group of teachers,
      and all detailed value-added data collected for that teacher, as defined by the project leadership
      group.
   b. If possible, permit TTUCOE to administer The Classroom Engagement Inventory to Lubbock -
      Cooper ISD students in the classes taught by Teacher Candidates ultimately hired by Lubbock -
      Cooper ISD.
   c. The data compiled for Teacher Candidates hired by Lubbock - Cooper ISD may be delivered
      separately, but in the same manner described in the aforementioned data exchange guidelines.

D. TTUITD RESPONSIBILITIES
   Related to Goal 2:
   1) TTUITD will provide Lubbock - Cooper ISD with the names of specific Mentor Teachers to be included in
      the data request as outlined in C.6., above.
   2) TTUITD will use procedures to maintain anonymity of individual Lubbock - Cooper ISD students. This will
      be accomplished by TTUITD having access only to de-identified information for students, and never
      possessing the data ID translation table enabling identification of individual students associated with the
      demographic and assessment data being transferred. No exceptions will be granted under this MOU.
   3) TTUITD will provide Lubbock - Cooper ISD with the names of specific Teacher Candidates from TTU hired
      by Lubbock - Cooper ISD for whom data is requests as outlined in C.6., above.

F. MODIFICATIONS/TERMINATIONS
This MOU shall be effective upon signature by both parties and may be amended at any time by mutual written agreement of the parties. Either party may terminate this MOU without cause and without penalty by providing forty-five (45) days written notice to the other party. Throughout the term of this MOU, and upon termination, each party shall be solely responsible for data in its possession, and neither party shall have the authority to use transferred data tables for purposes other than those outlined in this MOU, or required by law.

G. DISASTER RECOVERY
The TTU IT Division is the central IT support unit of TTU. As such, in the event of a disaster, data transfer processes may be deferred in order to concentrate efforts on the recovery of mission-critical central IT and other TTU systems.
